

# INDIANA YOUTH SURVEY

Survey of alcohol, tobacco, and other drug use

Do you want to get a FREE measurement of your students' substance use, academic risk factors, and social well-being? You can have it with the Indiana Youth Survey (INYS)! During the spring semester of the 2023-2024 school year, Indiana schools can conduct the INYS with 6th-12th grade students.

## WHAT IS THE INYS?

- A self-reported adolescent survey with topics such as tobacco, alcohol, and other drug use; mental health; gambling; and risk and protective factors related to student success.
- Available in online formats.
- Takes approximately 30 minutes to administer.
- Schools can add up to 15 additional questions.

## WHAT DO SCHOOLS GET?

- A free school corporation report combining student responses by grade level.
- Publicly available statewide results for local comparison.
- Training and technical assistance to help schools interpret and use the data.
- Trend analysis for school corporations that participate over time.
